Erasmus+

INTRODUCTION //

REV association organizes an Erasmus+ youth exchange to allow the participants to imagine and experiment within their group what an inclusive society could be like. How can we embody inclusivity in our daily lives? From cooking, cleaning to learning or celebrating. We will experiment the co-creation of a space where everyone can feel safe and a sense of belonging and is empowered to express their full potential, we will reflect on and be aware of the impact of our backgrounds and identities (gender, sexuality, mental health...) within the group dynamics. We will learn by doing, reflect critically and adjust throughout the stay.

GOALS //

- Experiment how to make collective living more inclusive
- Imagine an inclusive society where everyone has their own space
- Explore the influence of our backgrounds and identities within a group
- Build confidence in our ability to co-facilitate group activities.
- Creation of a zine (multiform artistic leaflet) testimonials

ACTIVITIES //

This project will take place in a small village in Lozère. Exchanges with local population will be strong : meals, animations, ...

From our reflections on inclusivity, everybody will organize and take part in the collective life: cooking, cleaning, group regulations, and also:

- Activities with local people and initiatives
- Collective activities
- Free time to discover local places
- Activities facilitated by the participants

NON FORMAL EDUCATION AND ACTIVE PARTICIPATION

In a dynamic of non-formal education, participants will be able “to make and to live together” and each participant will be responsible for the daily life of the group. This tool is very important for a real encounter and to take into account interculturality and diversity of everyone.

COST //

Participation free: FREE - Food and accomodation included.

Travel expenses will be partially reimbursed according to the Erasmus+ distance calculator.
